

A pretty full coachload of members made the trip to Horncastle and Woodhall Spa for, what has become, an annual visit to Kinema in the Woods.

Our trip began at the Horncastle Garden Centre on Lincoln Road, where we all made ourselves comfortable and enjoyed a coffee, or a pot of tea, together with a lovely toasted tea cake.

Afterwards, fully refreshed, we then made our way to Woodhall Spa and the Kinema.

Having got ourselves seated, ice creams and popcorn at the ready, we settled down to watch 'Fisherman's Friend 2' which was the sequel to the film.....errr..... Fisherman's Friend. Nearly forgot there for a moment.

It was about the lives and antics of a group of Cornish Fishermen who sang sea shanties and local, or not so local, folksongs. It has it's moments of drama as well as comedy. Such as the auditions for a new singer to join the group which was funny, as well as personal drama involving the lead singer who had lost his Father in the last film.

I personally wanted to see 'Spencer 2', the sequel to last year's film, but after many threats being made against me by everyone else and being totally outvoted, we settled for Fisherman's Friend 2. After the film we all made our way back to Horncastle Garden Centre where we all enjoyed a lovely afternoon tea, set out so nicely by the garden centre staff. When we were all suitably refreshed and full we all made our way home, after what was a really enjoyable day out.
