

## Christmas meeting on December 6<sup>th</sup>

And so we come to our final meeting of 2023.

We had a very good turn out of members who all enjoyed some festive Sherry and Mince Pies. They were entertained by the wonderful Lincoln Ukulele Band. They sang all the usual Christmas Carols together with on-screen lyrics to get us singing along with them. In between they did a seasonal 'hands up who thinks which of these applies' quiz on screen to get our thinking caps on as well. The members all enjoyed their performance. Thank you very much to the band for that.

Afterwards we made a presentation to Howard Adcock, who later in the month will be celebrating with his wife Margaret, 65 years of wedded bliss. Congratulations to them both.

We finished off the meeting with our special Christmas Raffle. There were 28 prizes in total, all of excellent quality.

Our thanks go to Debbie Hoy for her time and efforts in getting the prizes together. Our thanks also go to John Houtby for his time and efforts in putting together the system we used for noting all the names and numbers, as opposed to the usual loose raffle tickets, that decided all the winners on the day. We raised a brilliant £350 on the raffle in total that will be going to our current charity 'Blood Bikes'. Thank you to all our members for participating.

Finally, the Committee would like to thank all our members for their continuing support throughout the year. It's what keeps us going.

Merry Christmas everyone.
