

Here we are, again, on our popular trip to the Kinema- in- the-Woods. On a wet and windy February morning our intrepid club set off for a tea/coffee and teacake at Horncastle Garden Centre; before boarding our new Sleafordian coach, with Stewart, our trusty driver, to travel the 5 miles to the Kinema to watch " One Life".

It is a heart-rending true story about Nicholas Winterton, who helped to save 669 mainly Jewish children from the Nazis before war broke out in 1939.

There wasn't time for our usual interval of ice creams and popcorn today, which was probably just as well, because the Garden centre staff, on our return, had laid out a well stocked afternoon tea of delicious sandwiches and sausage rolls, followed by scones and lovely cakes and pastries. Boxes were provided for any leftovers, which most members had.

There was time for a mooch around the garden centre and a few of us to buy bulbs and plants for our sodden gardens, before Stewart drove us back to a now sunny Lincoln and home.

A big thank you to the staff at Horncastle, the Kinema and to the ladies who sorted the raffle, and of course, to you all for coming.

Jane Straw
