

Sheffield Tinsley Canal boat trip – May 2024

May was upon us already, where are the months going?

We set off from our usual starting point at Rustons and made our way to Sheffield.

Before going to the canal the coach dropped us all off in the centre of Sheffield for an hour and a half or so to do our own thing.

Afterwards we made our way to the canal to embark on our barge, the L.B. Hardfeet, for our trip.

All aboard, we made a gentle trip along the canal while being catered for by the boat staff.

Everyone tucked into the lovely sandwiches and cakes that they provided, washed down by plenty of teas and coffees.

A lot of members remarked on how lovely the food was and, yes, it really was very good indeed.

If you look on the 'Photos (trips)' page of this website there are a selection of photos taken, both inside the barge and outside.

I think everyone really enjoyed the day.
